Daily: 4:00pm-4:45pm

We will do all we can to begin visitation on time but due to many factors start times are approximate.  
We appreciate your understanding.

## Your rights regarding visitation:

1. You have the right to consent to receive visitors whom you designate including, but not limited to, a spouse, a domestic partner (including same-sex domestic partner), another family member, or a friend and you shall have the right to withdraw or deny such consent at any time.
2. Before you are furnished patient care, if possible, you also have the right to designate a Support Person who can exercise your visitation rights in the event you are incapacitated or otherwise unable to do so.
3. Patient visitation rights shall not be restricted, limited, or otherwise denied by the hospital on the basis of race, color, national origin, religion, sex, gender identity, sexual orientation, or disability.
4. All visitors shall enjoy full and equal visitation privileges consistent with your preferences.
5. The hospital may impose clinically appropriate limitations on patient visitation when visitation would interfere with patient care, whether the reason for limited or restricted visitation is infection control, disruptive behaviors, the need for patient rest, safety concerns or patient involvement in the therapeutic program.
